RE: Ex Parte Presentation in MM Docket No. 92-266
CABLE RATE REGULATION

Dear Chairman Quello, Commissioner Barrett and Commissioner Duggan:

The City of Sterling Heights is very concerned with the possibility of the "Baby Bells" entering into the cable entertainment business. Sterling Heights is currently serviced by Comcast Cablevision which was granted a 15 year exclusive franchise agreement in 1981. Through this franchise agreement our residents are guaranteed PEG channels and with the 5% franchise fee the city is able to operate it's award winning government access channel. (Please note the included CHTV-5 program schedule which shows the extent of service the City is able to provide for it's residents). It is the belief that if the phone companies, like Michigan Bell/Ameritech, are allowed to operate a video dial tone cable service there will be no insurance of PEG channels or franchise fees for the citizens of Sterling Heights. Although a "Baby Bell" may imply itself as a healthy competition alternative for subscribers it would eventually be the "death" of cable companies as we know it and would once again subject subscribers to a monopoly service with monopoly pricing.

Cable rates are also a concern of the City and it's residents. As in all communities, the basic rates, premium rates, installation charges and other service rates have increased steadily since the 1984 Cable Act eliminated any local municipal control. Most notably, after the 1992 Cable Act veto was overridden Comcast once again increased its pricing.

The City of Sterling Heights supports the suggestions and concerns raised by the National League of Cities, the National Association of Telecommunications Officer & Advisors, the U.S. Conference of Mayors and the National Association of Counties ("Local Governments") in their Comments and Reply Comments filed in this Docket.

We specifically ask the Commission to support a simple certification process for rate regulation at the local level.

We urge the Commission to adopt realistic "cost per channel" benchmarks based on rates in those areas where there is true head to head competition between

multi-channel video programming distributors. We support a benchmark rate of 34 cents per channel proposed by "Local Governments".

We hope the Commission will also allow local jurisdictions to work in partnership with the Commission on the review and regulation of rates for cable programming services.

In accordance with the Commission's rules regarding written ex parte presentations, two copies of this letter are being filed with the Commission's Secretary, as required under 47 C.F.R. Section 1.1206. A copy of this letter is enclosed for your files.

Respectfully submitted,

A handwritten signature in cursive script, appearing to read "Tony Licata".
